

## Groom Design Services – WANTS TO MAKE YOUR CHRISTMAS SPECIAL

Christmas lights illuminate the streets and hang brightly on trees, and on Christmas Eve, one could expect to find joyful families huddled around the table or around a spectacular Christmas tree, waiting anxiously for Santa to arrive. Although this is the Christmas memory that many people have, it is also important to remember that the Christmas season is not as jolly for everyone. Whether because of sickness, poverty, or even just an inability to make ends meet during this season of giving, thousands of families find themselves incapable of providing a magical Christmas this upcoming winter. However, Groom Design Services wants to make this Christmas wish a reality for 1 family....

No matter the struggles and hardships that a family endures, we would like to play a personal role in ensuring that the children wake up on Christmas morning to discover that Santa Claus paid them a visit.

Groom Design Services are willing to provide everything from the tinsel on the Christmas tree to the Christmas pud! We want to help make the little ones faces light up like the lights on your Christmas tree.

If you know of a family that would benefit from this kind offer please send a private email/inbox of the name of the family, a photo, their address and your reason for putting them forward, these will then be placed in a draw and contacted by 30<sup>th</sup> November 2016.
